LOCATION

Elgin is situated approximately 66 miles northwest of Aberdeen and 39 miles southeast of Inverness. Within the Moray Council area, Elgin is the main administrative, business and service centre with Forres, Buckie, Lossiemouth and Keith being classified as secondary settlements. The town is accessed by the A96 trunk road which runs between Aberdeen and Inverness. There is also a railway line between those two cities. Elgin has a population of approximately 23,128 (2011 Census) and is the regional town for Moray, with a primary catchment of approximately 90,000 within a 10-mile radius.

As the administrative centre of Moray, Elgin houses the HQ offices of Moray Council. Elgin is also the regional retailing centre and an important centre for education, tourism, agricultural industries, the general service sector, healthcare, food & drink and the textile and distilling industries.

The town lies in the heart of the world famous Speyside Whisky country and together with ready access to the Cairngorm National Park and the Malt Whisky Trail this ensures Elgin is a popular tourist destination.

RAF Lossiemouth, one of the RAF's largest bases, is also located nearby and contributes significantly to the local economy. It is Scotland's only operational RAF base which has recently benefitted from £400m of investment. The MoD is a major employer and spends more than £2bn a year in Scotland. The RAF Kinloss barracks is also located approximately 11 miles from Elgin.

The subjects occupy a prominent location on the corner of Hay Street and Moray Street. Hay Street forms part of the A941 road one of the main arterial routes through Elgin.

The property is only a few minutes walk from the main High Street where a good mix of local and national operators can be found. The surrounding area to the subject property comprises a number of Hotels and B&B establishments. The Northfield Terrace Car Park is located nearby as is the Moray School of Art and Moray UHI College campus.

DESCRIPTION

The subjects comprise an attractive Grade “B” Listed 2-storey 3-bay semi-detached building dating to the mid 19th Century with a basement plus a rear single-storey and attic extension. The main building is of traditional stone wall construction with decorative detailing set under a pitched slate clad roof. The front elevation features a classical portico over the entrance with Roman Doric columns and pointed ashlar dressings. Windows throughout predominantly comprise large 12-pane timber sashes providing a high level of natural light into the rooms.

The accommodation within the main building currently comprises an entrance hall leading to a staircase to the first floor; a board room; a large office room, a meeting room plus a reception/waiting area accessed from the rear car park. The first floor provides 5 office rooms plus staff kitchen and toilet facilities. The rear extension is of stone wall construction under a pitched and slate clad roof. It provides a large open plan office with staff ancillary facilities at ground floor level with storage space provided within an attic floor above.

Internally, a mix of surface mounted fluorescent strip and spot-lights provide lighting throughout. Heating is provided via wall mounted radiators fed via a gas fired wet system.
